Sir,

Subject Continuance of the post of the Temporary Clerk for the Water Revenue Section

I have the honour to state that the Municipal Council sanctioned in their resolution No 429 dated 27-11-45, the entertainment of an additional clerk in grade Rs 25-1-40 to the Water Revenue Section for a period of three months in the first instance to cope up with the increased work connected with the calculation of excess water charges in respect of the houses to be given metre connections consequent on the rental value thereof, having gone up due to the general revision of assessment brought into force from the year 1944-45

It is reported th t in about 350 cases, metre connections have to be given in this way There are already 750 metered domestic conections In connection with the immediate improvements of water supply to the City recently sanctioned by Government in their order No L 3674-6/M1 61-45-4 dated 12-11-45, 500 meters have to be fixed in order to regulate the economic use of water The number of metered connections will thus come up to 1690 There will thus be a permanent increase of work in calculating the water charges on the extra quantity of water utilised over the free allowances in all these cases, as per the metre readings to be furnished by the Vanivilas Water Works Department, and posting them to the ledgers and issue of bills therefor and to maintain the D C B in respect of each house This involves heavy work and one clerk cannot

alone manage this The temporary hand sanctioned has therefore to be continued and eventually made permanent

The Vice-President in his letter No W5 C 62 PR 31/45-46 dated 8-1-46 proposed the continuance of the above post to attend to the work connected with this for a further period of 5 months upto the end of the official year from 1st February 1946 as the term of three months for which it was sanctioned, expired on 31-1-1946 The Managing Committee considered the proposal ~~xxxx
